

COOKIE POLICY

uhired ("CVapp AI Applications and Services CO L.L.C.", "**we**", "**us**" or "**our**") uses cookies to recognize the user of this website and application based on this website (collectively, the "**Website**"). The terms "**you**", "**your**", "**yours**" and "**yourself**" refer to all users of the Website.

COOKIE DEFINITION

A cookie is a small file which asks permission to be placed on your computer's hard drive. Once you agree, the file is added and the cookie helps analyze web traffic or lets you know when you visit a particular Website. Most web browsers are set to accept cookies as a default.

Using our Website is possible without cookies. User can disable or delete cookies at any time via altering settings in his browser in order to stop or limit your device receiving and storing cookies or to be notified before receiving cookies. However, disabling cookies can lead to the non-operability or limited access to some parts of the Website. Besides, user can be deprived of some opportunities which we offer.

REASON FOR COOKIE COLLECTION

uhired uses cookies to collect information for the following purposes:

- to determine user preferences,
- to collect the number of times a user visited the Website,
- to customize Website parameters for user characteristics,
- to select and display targeted ads to the user,
- to remember the number of times the same ad was delivered to a user;

Such data does not allow us to identify users.

TYPES OF COOKIES

Essential cookies are crucial for the proper functioning of the Website and for enabling you to use its features. These cookies will always be active because they are necessary for the Website to work correctly. These cookies also track the Website's performance based on your interactions with it. We may employ cookies or tracking technologies for system administration, preventing fraud, enhancing security, or enabling shopping cart functionality.

Cookie	Purpose	Duration	Provider	Type
csrftoken	Used for cross-site request forgery (CSRF) protection and URL signature verification.	1 year	Uhired	Essential

OTHER TECHNOLOGIES

We may periodically employ other analogous technologies such as web beacons (sometimes referred to as "tracking pixels" or "clear gifs"). These are small graphic files with a unique identifier that helps us identify when someone has visited our Website or opened an email containing them. This enables us to track user navigation patterns across different pages of the site, facilitate cookie delivery and management, ascertain if you arrived at our site via an online advertisement on a third-party website, enhance site performance, and evaluate the success of email marketing campaigns.
