## DENTIST

### ABOUT

Dedicated dentist skilled at developing effective treatment plans for patients experiencing tooth decay and other various oral diseases and issues. Committed to providing personalized patient care through quality service and communication. Accommodating when helping patients overcome dental fears by displaying patience and compassion. Particularly attentive to the needs and comfort of individuals during all dental procedures.

### WORK EXPERIENCE

#### Senior Dentist and Lead Dentist

12/2021 - PRESENT

#### Smile Brands Milwaukee, WI

- Treated, supported and cared for 30 and more patients per day on average by efficiently focusing on individual patients.
- Performed root canals, filled cavities and instructed patients on pain management to repair dental structures with minimal discomfort to patients.
- Educated patients on proper oral hygiene to promote oral health and disease prevention.
- Provided quality care for all patients -in spite of the overbooked schedule required to operate a HMO practice.
- Supervised, managed, and mentored a team of four specialists.

#### General Dentist

04/2015 - 11/2021

#### St. Vincent de Paul Medical and Dental Clinic Milwaukee, WI

- Examined patients' teeth, gums and oral tissue to identify and diagnose conditions.
- Explained procedures, answered questions and administered additional pain relief to help patients feel comfortable.
- Conducted oral cancer screenings by thoroughly examining patients' mouths to identify problematic areas.
- Analyzed X-rays and reviewed patients' health backgrounds to devise appropriate treatment courses.
- Designed and fitted patients with dentures, bridges and other prosthodontic dental appliances.
- Treated patients on an emergency basis to repair tooth injuries and fractured facial bones.
- Prescribed antibiotics for patients.
- Reviewed x-rays to identify cavities and other issues.
- Treated infections caused by chronic and acute issues and diseases within soft oral tissues.
- Evaluated patients' teeth for gum disease and decay.
- Took impressions for dental appliances and sent prosthesis to outside dental labs.

#### Dental Assistant

09/2011 - 03/2015

#### Children's Dental health Center Milwaukee, WI

- ESanitized equipment, cleaned treatment rooms and restocked supplies after each patient's treatment to maintain cleanliness and prepare for the next patient.
- Gathered and reviewed patient records, data and health history to share with dentists for quick and accurate patient assessments, diagnosis and treatment.
- Laid out dental instruments and equipment before procedures.
- Educated patients on treatment procedures and post-procedure home care.
- Entered patient data into the dental records system and observed confidentiality rules to maintain patient privacy.
- Took preliminary impressions of patient teeth to prepare for custom impressions and fabrication of permanent dental work.
- Followed dentists' directions for giving patients desensitizing agents to prepare for anesthetic administration.
- Applied sealants and protective coatings to teeth to protect enamel and prevent cavities

#### Associate Clinical Professor

01/2010 - 01/2011

#### Marquette University School Of Dentistry Milwaukee, WI

- Provided individualized clinical instruction for students in the Advanced Care Sector of the Marquette School of Dentistry.
- Collaborated with students in the interpretation of complex medical histories, management of special needs patients, and triaged dental emergencies.
- Evaluated student competency while providing positive and constructive feedback in all aspects of dental care.
